New York, NY (Vocus) July 27, 2010 -- PDATrade.com, one of the premier developers of Mobile Streaming Financial Data Apps today announced the release of a Real-Time Financial Data and trading application for any mobile phone with web access, PDATradeMP, for PDATrade Mobile Portal. The all inclusive Basic product fees for six (6) months of service are set at \$18.95 plus tax.. Unlike many of its competitors, PDATrade will provide actual NYSE, NASDAQ and AMEX data with this service.

PDATrade.com, known for its applications that run on iPhone, Blackberry and Windows Mobile devices has taken its popular program and now made it accessible to anyone with mobile web access. Users will be able to view personal portfolios, charts, market data, news and more on the basic application. Additional features such as Options data, alerts and more will also be available for a nominal upgrade.

“Everyone touts the apps available to users of high end Smartphones” said Michael Cardosa, PDATrade.com’s VP of Sales and Marketing “but we think everyone should know what their investments are doing where ever they are, no matter what kind of phone they carry around. PDATradeMP will now make that all possible.”

Access to the application is through PDATrade Mobile Portal site www.pdatrad.com/jmob/ from any web enabled phone. Account sign up is through the company’s [website](http://www.pdatrad.com/). Additional distribution sites will be added in the near future.
