

## **PDATrade and iPhone - Streaming Stock Quotes Together**

[PDATrade.com](http://PDATrade.com) passed another milestone today with an addition to a growing line-up of financial data application offerings with the release of PDATrade for the iPhone.

New York City (Vocus) – [PDATrade.com](http://PDATrade.com) passed another milestone today with an addition to a growing line-up of financial data application offerings with the release of PDATrade for the iPhone.

PDATrade customers can now access Portfolios, Market Data, Charts, Market Movers and so much more using their iPhones. Streaming data constantly updates the user with the latest financial information usually reserved for professional brokers or PC desktop applications. Now like everything else that iPhone users have come to demand and expect their investment data can follow them where they roam.

PDATrade has made the application available immediately through the [iPhone App Store](#).

The company has additional product announcements scheduled for later this month
